

Product Description

3M™ Economy Red Floor Pad s a floor maintenance pad, made of synthetic fiber in an open textured non-woven construction. Polishing particles are dispersed throughout and bonded with a resin. 3M™ Economy Red Floor Pad is designed for daily maintenance operations under a scrubber dryer or spray cleaning / spray buffing under a swing machine. 3M™ Economy Red Floor Pad collects soil and effectively removes marks from floors. 3M™ Economy Red Floor Pad can be used for fast polishing action on floors. Each floor pad has a pre-cut centre hole.

Characteristics

These are typical values for unprocessed product.

Characteristics	Value
Material	Polyester fiber
Colour	Red
Marking	None
Thickness	25 mm
Weight	1008 g/m²
Center hole	Pre-cut at 85 mm

Directions for Use

Daily cleaning under scrubber dryer

- Install a clean floor pad under the machine pad holder
- Make as many passes as wanted on the entire surface
- Remove pad and wash after use

Spray cleaning

- Install a clean floor pad under the machine pad holder
- Dust mop entire floor area if necessary (not mandatory)
- Spray cleaning chemical moderately on a section of floor
- Buff the area dry using 4 – 6 passes
- Proceed to next section of floor
- Dust mop entire floor area if necessary (not mandatory)
- Remove pad and wash after use

Maintenance and Cleaning

- Remove pad from floor machine after each use
- Scrub with a nylon brush under tap water, or spray hose both sides, or machine wash
- Hang the pad up for drying

Note: Machine washed floor pads will shrink approx. 20 mm after first washing cycle. Recommended washing-machine temperature is 40 °C (higher temperatures will decrease the life of the pad).

Country of Origin

Made in the U.S.A with Globally Sourced Materials in a 3M plant – ISO 9001: 2015 and ISO 14001: 2015 certified.

Health and Safety

When handling any chemical products, read the manufacturer's container labels and the Safety Data Sheets (SDS) for important health, safety and environmental information.
Follow the link to obtain SDS sheets for 3M products on 3M.com/SDS.
Follow the link to obtain information about substances of very high concern (SVHC).

IMPORTANT! When using any equipment, always follow the manufacturer's instructions for safe operation.

Warranty Information

Limited Remedy
This bulletin provides technical information only.
3M recommended product end uses are listed in each 3M product bulletin. End uses not listed in the applicable 3M Product Bulletins are typically not eligible for 3M Warranties. For non-recommended and/or non-warranted end uses or applications, users must test and approve the end uses or applications, assume any associated risks, and acknowledge that 3M has no liability for such end uses or applications. Please contact your 3M representative with any questions about applications, end uses, and warranties.

Limitations of liability
All questions of warranty and liability relating to this product are governed by the terms and conditions of the sale, subject, where applicable, to the prevailing law.
