AIR REGULATOR - 1" NPT - HEAVY DUTY

Product # **408828** | Model # **ARH1**

- Industrial construction Aluminum die cast body (9 times safer than a plastic body). Allows use at higher temperatures and better tightening of piping without stripping the threads
- Used to maintain steady outlet pressure unaffected by variations in inlet pressure
- Works on a Diaphragm operated, relieving type mechanism with pressure compensated by balanced poppet and can be installed in any position
- Regulator with Non Raising “Press to Lock” adjusting knob
- Maximum Working Air Pressure: 220 PSI

TECHNICAL SPECIFICATIONS

Port Size	1"
Max. Flow	210 cfm (6,000 LPM)
Pressure Gauge Port Size	1/4"
