967/9 TX BO Multicolour 1 L-key set for tamper-proof TORX® screws, BlackLaser, 9 pieces

L-Keys for TORX® Screws

BALL END

TAKE IT EASY TOOL FINDER

EAN:	4013288180858	**Size:**	139x72x25 mm
Part number:	05024335001	**Weight:**	203 g
Article number:	967/9 TX BO Multicolour 1	**Country of origin:**	CZ
		Customs tariff number:	82054000

- The plastic sleeve ensures that work is pleasant and safe even at low temperatures
- BlackLaser for high corrosion protection and long service life
- The TORX® ballpoint on the long arm allows offset applications
- Wear-resistant inscription of the sizes of the L-keys contained on the clip
- Size markings

L-keys with thermoplastic sleeve (SPKL) out of easy-to-grip circular material. The sleeve ensures that work is pleasant and easy on the fingers even at low temperatures. All L-keys are quickly to hand thanks to their size markings. The wear-resistant clip material ensures secure storage of the L-keys as well as simple removal. For TORX and TORX BO (with bore hole) screw connections.

967/9 TX BO Multicolour 1 L-key set for tamper-proof TORX® screws, BlackLaser, 9 pieces

L-Keys for TORX® Screws

L-key for TORX® socket screws with safety pin

TORX® with borehole (BO)

TORX® tools with a borehole prevent the unauthorised unfastening of safety screws. The screws contain a pin that protrudes into the drive profile so that “normal" TORX® tools cannot be used. This pin fits into the borehole of TORX® BO tools allowing safety screws to be unfastened.

TORX® ball tip

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, “around-the-corner" screwdriving jobs.

Magnetiser/Demagnetiser

For recessed screws, it’s often advantageous for the screw to be held on the L-key by magnetic force. The Wera clips with magnetiser/demagnetiser enable a magnetisation/demagnetisation of L-keys in a flash.

Magnetising

Demagnetising

Size identification

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes – for simple and rapid accessing of the required tool. Making it easy to find the right tool.

Secure hold and easy removal

The wear-resistant clip material ensures that the L-keys are securely held yet are easy to remove.
