ACTIVARMR®

PERSONAL PROTECTIVE GEAR

47-409

Comfortable oil-repellent glove for medium duty tasks

Oil | Cut | MD Medium Duty

Durable oil-repellent safety gloves, combining mechanical protection and flexibility

- **Specialized protection:** ActivArmr® 47-409 industrial gloves feature a unique nitrile formulation that combines oil repellency, mechanical protection, and flexibility with advanced abrasion resistance compliant with ANSI/ISEA and EN standards.
- **Elevated comfort:** With their naturally contoured design, interlock lining and generous sizing, these abrasion-resistant gloves offer the same comfort as a cotton or light leather glove, facilitating longer wear*
- **Enhanced durability:** They outwear cotton gloves by a margin of 12 to 1, light leather gloves by a margin of 5 to 1, and PVC-coated gloves by 3 to 1
- **Reduced surface defect risks:** ActivArmr® 47-409 work gloves are silicone-free, ensuring sheet metal is kept clean and the risk of contaminant transfer to metal prior to painting is minimized
- **Genuine convenience:** These protective gloves are also available in a wide range of styles, lengths and sizes

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Handling metal sheets & panels
- Chassis assembly, body trimming
- Final assembly
- Inspection (picking, checking and marking)
- Cutting glasses, sheets, panels
- Fabricating metal parts, glass sheets
- Assembly & inspection of components
