ACTIVARMR®
PERSONAL PROTECTIVE GEAR

Electrical Protection Class 00 - RIG0011Y

Durable electrical protection gloves, providing hand protection with flexible comfort

Previously known as: E087

Electrical | Light Duty

Comfortable, fitted electrical safety gloves, for assured durability and versatile protection*

- **Heightened durability and flexibility:** ActivArmr® Electrical Protection Class 00 - RIG0011Y safety gloves are made with flexible, durable latex using an eco-conscious dipping process
- **Advanced ergonomics:** These electrical safety gloves' hand-at-rest design and non-splayed fingers reduce hand fatigue
- **Elevated comfort:** Sufficient room for clothing and ventilation is ensured by a flared cuff design
- **Increased practicality:** These insulated gloves' smooth finish simplifies donning and doffing
- **Specialized defenses:** They are arc flash certified (APC 1 in combination with 96-002 leather gloves), withstand a touch voltage AC maximum of 500 V (DC maximum 750) and guard against acid, ozone and very low temperatures*
- **Certified protection:** They also comply with CSA, NFPA and OSHA standards

*Category A, Z and C respectively

Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires
