AlphaTec®
ADVANCED CHEMICAL PROTECTION

58-010

Improved grip, dexterity and flexibility”

Lightweight, 11 mil safety gloves with nitrile coating, protecting against light chemicals

- **Advanced ergonomics:** AlphaTec® 58-010 nitrile gloves feature a thickness of 0.28 mm/11 mil and offer all-day comfort with enhanced dexterity and tactility, without compromising durability
- **Specialized protection:** These reusable protective gloves’ nitrile coating ensures protection against light acids, greases, oils and liquids
- **Genuine versatility:** Engineered for optimal balance of fit and flexibility, AlphaTec® 58-010 nitrile gloves can be used on their own or as overgloves
- **Added protection:** AlphaTec® 58-010 gloves possess long cuffs that extend to the forearm, making them ideal as food processing gloves, besides protecting workers against Type 1 allergies, as they are latex and silicone-free

Industries

- Food Processing
