AlphaTec®
ADVANCED CHEMICAL PROTECTION

# 87-118

## Extra-heavyweight natural rubber glove with flocked lining

Previously known as: Black Heavyweight G17K

## Thick natural rubber latex gloves, offering heavy-duty protection and chemical resistance

- **Optimized protection:** Composed of 0.8mm/31 mil-thick natural rubber latex, AlphaTec® 87-118 industrial gloves ensure high levels of durability and abrasion resistance, as well as heightened water-based chemical resistance
- **Added convenience:** These protective gloves also feature a beaded cuff, which facilitates donning and doffing, while preventing droplets travelling beyond the glove's surface, for greater wrist protection
- **Strengthened grip:** Designed with a diamond grip pattern, these chemical-resistant gloves also offer wearers secure grip, for more confident handling
- **Enhanced comfort:** Composed of flexible natural latex rubber, these AlphaTec® gloves also boast 100% cotton flock lining, which absorbs some sweat and minimizes discomfort
- **Assured quality:** In addition, they boast an AQL of 0.65

### Industries

- Chemical
- Metal fabrication
- Machinery and Equipment
- Automotive Aftermarket

### Applications

- Loading and unloading of proces equipment
- Loading raw material
- Transferring liquids and solids between vessels and tanks and process equipment
- Assembly and disassembly of equipment
- Production line support & maintenance

AlphaTec®
ADVANCED CHEMICAL PROTECTION

# 87-118
