## Terry Cloth Gloves Made With Protex®

#TRK

Protex® Fiber Fire-Resistant Fabric

ASTM ANSI ABRASION 3

ASTM ANSI HEAT LEVEL 3

### FEATURES

- Durability and long wear
- Heat and abrasion resistance
- Excellent insulators

Laundering Instructions:

- Use cold water: 85°F/30°C or less
- Use regular detergent. Bleach can be safely used
- Tumble dry low or no heat

### APPLICATIONS

Sharp Metal Objects
Low-Heat Applications

Cool Grip® Terry Gloves made with Protex® give durability and long wear with heat and abrasion resistance. The heavy looped pile construction traps air and makes these gloves excellent insulators and a good glove choice for handling sharp or rough metal parts. Seamless knit, loops out, 24 oz. weight with continuous knitwrist cuff.

Also available with a 3" sewn on cuff **(TRK3).**
