#SN15NTFB

Dexterity® NT

15-Gauge Nylon String Knit with Full Back and Palm Nitrile Coating

#SN15NTFB

ASTM ANSI PUNCTURE 2

ASTM ANSI ABRASION 2

FEATURES

- Nitrile stands up extremely well to oils, fuels, and some organic solvents
- Good abrasion and puncture resistance
- Lint-free, fine-gauge nylon knit is soft, flexible, hard-wearing
- Grey/black color combo hides dirt and stains for longer wear
- Ergonomic hand shape reduces fatigue
- Uncoated backs for breathability

APPLICATIONS

Handling Sharp Objects
Glass Plants
Construction
Automotive Industry
Aerospace Industry
Metal Fabrication
Metal Stamping

Dexterity® gloves are ideal for working with metal during fabrication, construction or in automotive. Their tough nitrile coating resists punctures and abrasion, with some protection from minor cut, while offering good resistance to oils and fuels. Fully coated backs backs protect against splashes from liquids and oils. Fine 15-gauge, lint-free nylon shells are hard-wearing yet soft to the touch for great dexterity. Ergonomic shaping is the result of dipping gloves while over a hand form for a more natural fit, providing all-day comfort.
