#S13NGFN

Dexterity®

High Abrasion and Cut-Resistant Glove with Nitrile Palm

CANADIAN MADE Quality

TouchScreen compatible.

#S13NGFN

Composite yarns are cutting edge when it comes to hand protection, and our Dexterity® gloves are no exception. This economical black cut-resistant glove is knit with a composite filament fiber blend. Rated ASTM cut-level 2, this lightweight glove offers superb dexterity and touch sensibility while providing 850 grams of cutforce during testing. Durability is another winning feature in this glove, rated ASTM level-3 for abrasion resistance. A foam nitrile coating offers superior wet/dry grip. Back of the hand is uncoated for good breathability.

To limit the risk of allergic reactions, all of our Canadian-made gloves are now crafted with latex-free materials.

Also touchscreen compatible.
