Winter-Lined Nylon Gloves with Latex Palm

#TKYLX

ANSI 3 PUNCTURE | ANSI 2 ABRASION | CE | EN388 2241

FEATURES

- High insulating; an excellent choice for outdoor workers
- Thick latex crinkle-finish provides superior wet/dry grip
- Seamless construction and shaped to the hand for greater comfort
- High-visibility neon yellow for increased worker safety
- Gloves are dipped over an ergonomic hand form for greater comfort and less hand fatigue

APPLICATIONS

Material Handling
Automotive Industry
Construction
Masonry Work
Forestry

Terry gloves are known for their insulating properties. The looped-pile construction traps air, providing a buffer between the hands and the hot or cold objects being handled, providing seamless comfort in many situations. And now, they are made in a high-visibility neon yellow for increased worker safety. Dipped in latex and given a unique crinkle finish, they do double-duty by providing an excellent wet or dry grip. Gloves are dipped while on an ergonomic hand form and are highly flexible, for less hand fatigue.

A great all-purpose glove, these are tough, durable and comfortable over long periods.
