#378C

Endura®

Canadian Cowgrain Roper, Regular or Fleece Lined

Our Endura® cowgrain roper gloves are known for their comfortable, dependable protection. Cowgrain is naturally durable, offering good dexterity and water repellency along with good touch sensitivity. Clute-cut pattern moves seams to the back of the hand for a snug fit that adjusts using the domed snap tab at the back. Double stitching for better wear.

Leather is unbeatable for abrasion resistance and naturally conforms to your hands with age. The all-purpose comfort of leather makes these gloves indispensable. Choose our regular unlined style, or a winterized, fully fleece-lined version.

Available in a fully fleece-lined winter version, item #378CFL.
