HyFlex®

ADVANCED MECHANICAL PROTECTION

11-290

High Cut High Comfort Sleeve with a Compression Profile

Cut | Abrasion Protection | MD | Medium Duty

Highly cut-resistant arm protection sleeves, featuring advanced compression technology

- **Advanced protection:** HyFlex® 11-290 protective arm sleeves are designed with INTERCEPT™ Cut Resistance Technology, offering ANSI/ISEA 105-2024 CUT A5 and EN ISO E protection against lacerations
- **Optimized safety:** With nine compression zones* to regulate pressure levels, these protective sleeves boost blood circulation, stabilize arm muscles and improve workplace safety
- **Improved ergonomics:** Their ergonomic design results in a natural, contoured fit
- **Elevated comfort:** Made from breathable material, these HyFlex® protective sleeves ensure all-day comfort
- **Specialized defenses:** Their thermo-resistant fibers guard against heat up to 100ºC/212ºF (EN 407 contact heat protection level 1)
- **Enhanced features:** They include an integrated elbow pad, for impact protection and added longevity

*high cut compression, tested to DIN SPEC 4868 standards

Industries

- Automotive
- Automotive Aftermarket
- Aerospace
- Machinery and Equipment
- Metal fabrication
- Construction

Applications

- Glass repair and replacement
- Handling metal sheets & panels
- Equipment maintenance and repair
- Assembly of parts
