HyFlex®

ADVANCED MECHANICAL PROTECTION

11-624

Medium duty cut resistant glove with Dyneema®

Cut | Medium Duty

High flexibility, strong cut resistance

- **HyFlex® 11-624 gloves provide comfort and dexterity. Easy to wear during long working hours, they also offer users a “cool feeling” as well as a secure grip on dry to slightly oily pieces for sure handling in a wide range of environments**
- **The liner is made with a yarn structure containing Dyneema®, the world’s strongest fiber. It therefore offers strong cut resistance for the safe handling and assembly of sharp pieces**

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Handling metal sheets & panels
- Assembly & inspection of components
- Picking, fastening components
- Assembling and mounting components
- Metalwork, glass processing
- Adjusting panels parts components

HyFlex®

ADVANCED MECHANICAL PROTECTION

11-624

Medium duty cut resistant glove with Dyneema®

Key Features

- Unmatched combination of comfort, softness, coolness & cut protection
- Product provides: ANSI Cut Level 2, ISO Cut Level B
- Polyurethane coating provides sure grip in light oil and dry properties
- Product curves naturally to prevent hand fatigue
- Product can be washed and used without any loss of cut performance
- Also available in vend pack

Sensitisers

- Natural rubber proteins

Only a very small number of users may be sensitised to this ingredient in the glove and hence may develop irritant and/or allergic contact reactions.
