HyFlex®

ADVANCED MECHANICAL PROTECTION

78-403

Low lint glove with good breathability and comfort

Previously known as: Eliminator™78-403

Multi Purpose | Light Duty

Multipurpose safety gloves protecting products from cotton-lint and hand contamination

- **Increased defenses:** HyFlex® 78-403 versatile hand protection gloves' extended wrists provide better forearm coverage and ensure properties continuity with garments, reducing workplace injuries
- **Improved breathability and comfort:** These Ansell HyFlex® gloves feature a thin design, which results in good breathability as well as comfort, while preventing hand contamination when handling small components
- **Added protection:** In addition, these industrial gloves have low-lint properties, which protects products from cotton-lint and hand contamination

Industries

- Automotive

Applications

- Applying sealers, touching up

HyFlex®

ADVANCED MECHANICAL PROTECTION
