# HyFlex®

ADVANCED MECHANICAL PROTECTION

## 11-944

**Designed for use in moderately oily manufacturing and maintenance environments**

Previously known as: NITROTOUGH™ N110

Multi Purpose | Cut | Light Duty

# Hard-wearing nitrile gloves with robust abrasion resistance, ideal for light-duty handling

- **Heightened durability:** HyFlex® 11-944 industrial working gloves meet ANSI/ISEA 105-2024 ABRASION LEVEL 4 and EN ABRASION LEVEL 3 standards, and features a sturdy nitrile palm coating
- **Refined comfort:** Nylon fabric and stretchable stitches make them comfortable and easy to wear over extended periods
- **Increased dexterity:** The HyFlex® 11-944's light, nimble design provides hand protection with genuine flexibility
- **Superior grip:** Possessing strong grip, these high-quality safety gloves perform best in moderately oily manufacturing and maintenance environments
- **Targeted use:** Their unique design makes them ideal for automotive manufacturing and metal fabrication

### Industries

- Automotive
- Metal fabrication

### Applications

- Chassis assembly, body trimming
- Picking, fastening components
- Adjusting parts, systems
- Delivery of parts to production line
- Fastening components, parts
- Applying finish to materials, products
- Adjusting panels parts components
