16" Dual-Sided Microfibre Flat Mop

Absorbent and effective, this superior germ-removing microfibre flat mop is proven to remove 99.9% of microbes and to provide a safer, cleaner environment.

A premium choice for residential, commercial and institutional maintenance, the 16" Dual-Sided Microfibre Flat Mop is made of durable microfibre and is ideal for cleaning baseboards, under cabinets, and other tight corners. Suitable on most hard surfaces, it can withstand extensive use and repeated commercial laundering. Use this Microfibre Flat Mop on the 16" Dual-Sided Flat Mop Frame and get twice the cleaning surface available.
