V-FORM® Arc-Flash Full-Body Harness

Exceptional Comfort and Flexibility:
The next generation of Arc-Flash Harness

MSA
The Safety Company

Superior Comfort

Using a patented Racing Style connection, webbing is routed across the chest for a secure and comfortable fit—eliminating the need for bulky chest straps or cumbersome buckles.

Flexibility

The Racing Style creates an athletic cut contouring the harness to the body and improving upper torso movement on the job.

Adjustability

Pull-down adjustment allows you to quickly and easily get the right fit that lasts throughout the work day.

Dedicated attachment point for Personal Fall Limiters allows for quick and easy attachment, and keeps your back D-ring free for other use.

Performance

Made with user comfort in mind, it's the lightest arc-rated harness MSA has ever created.

Configuration options to meet your application needs, including back and/or hip d-ring in both web loop and steel options.

WE KNOW WHAT'S AT STAKE.

V-FORM Arc-Flash Full -Body Harness (PN 10252034) with Back D-Ring and Tongue Buckle Leg Straps
