

Product Family

4200 Series Half Mask

The 4200 Series are elastomeric half masks with a single particulate filter. Filters are not against the face so they stay cleaner longer. The cradle suspension provides a secure fit. Available in standard model and with mesh screen for welding and grinding operations

Honeywell

Product Numbers & Ordering Information

	Product Numbers	Details
	4200L	**Respirator Assembly, Large** Respirator Assembly, CFR-1 half mask complete with one N95 filter. Size Large. One per box.
	4200LW	**Respirator Assembly for Welding, Large** Respirator Assembly, CFR-1 half mask for welding, complete with one N95 filter. Size Large. One per box.
	4200M	**Respirator Assembly, Medium** Respirator Assembly, CFR-1 half mask complete with one N95 filter. Size Medium. One per box.
	4200MW	**Respirator Assembly for Welding, Medium** Respirator Assembly, CFR-1 half mask for welding, complete with one N95 filter. Size Medium. One per box.
	4200S	**Respirator Assembly, Small** Respirator Assembly, CFR-1 half mask complete with one N95 filter. Size Small. One per box.
	4200SW	**Respirator Assembly for Welding, Small** Respirator Assembly, CFR-1 half mask for welding, complete with one N95 filter. Size Small. One per box.

42N95

Replacement N95 Filters
Replacement N95 filters for 4200 Series half masks. 10 per pack.

42R95

R95 Replacement Filters
Replacement R95 filters for 4200 Series half masks. 10 per pack.

Additional Information

R95 and replacement N95 filters ordered separately.

Packaging Information

Facepieces includes one N95 filter.

Hazardous Materials

Not Applicable

Overview

Key Features

Cradle suspension with "parking" feature assures mask is handy and at the ready. Latex free. North CFR-1 half masks are ideal for dusty environments that require frequent change out of filters. The welding version features a stainless steel mesh cover to catch sparks and slag. Both the standard and the welding version are shipped with N95 filters. R95 replacement filters are also available for use where oil may be present. Top and bottom headstraps adjust in a single motion for quick and easy donning. Welding version includes mesh screen to catch sparks and slag.

Recommended Industries/Use

- Agriculture
- Construction
- Manufacturing
- Welding

Hazards

- Airborne Particulates
- Contamination

Regulations

- Regulation - N95 NIOSH approved for use in environments without oil based aerosols.
- Regulation - R95 NIOSH approved for use in environments that contain oil based aerosols. Restricted to 8 hours of use.

Warranty Information

Honeywell Safety Products warrants the 4200 Series to the original owner to be free from defects in materials and workmanship for a period of one (1) year from the date of original shipment from Honeywell's factory. Honeywell's obligation under this warranty will be, at Honeywell's option, to repair or replace without charge respirator or any of its components found by Honeywell to have been defective during the warranty period, under the following terms:1) The warranty claim is made (i) by the owner who purchased this respirator new from Honeywell or an authorized Honeywell Distributor, and (ii) not more than three (3) months after the end of the warranty period. 2) This respirator or component is found by Honeywell to have been defective in normal use and service during the warranty period of one (1) year from the date of purchase by the owner. 3) This respirator or component is returned freight prepaid to Honeywell, either to its factory or to a Honeywell authorized service center, and is thereafter returned to the owner freight collect. 4) This warranty does not apply to (i) any respirator or component found by Honeywell to have become defective as a result of any accident, alteration, misuse, abuse, or servicing with parts not approved by Honeywell; or (ii) deterioration or aging of any component made of rubber or other elastomer since such components can be adversely affected by undue exposure to heat, sun, water, chemicals, ozone or other deteriorating elements; (iii)) facepiece lens, compressed-air cylinders and parts that become defective through normal use. The decision as to what constitutes normal use shall be made solely by HONEYWELL SAFETY PRODUCTS. 5) To maintain this warranty, the purchaser must perform maintenance and inspections as set forth in the Instruction Manual which shall include prompt replacement or repair of defective parts, and replacement of parts per the maintenance schedule as set forth in the User's Instructions. THE OWNER ASSUMES ALL OTHER RISKS, IF ANY, SUCH AS THE RISK OF ANY DIRECT, INDIRECT OR CONSEQUENTIAL LOSS OR DAMAGE ARISING OUT OF THE USE OF, OR INABLILTY TO USE, THE PRODUCT.
