Regulation First Aid Kits by SAFECROSS

OCCUPATIONAL HEALTH AND SAFETY REGULATION FIRST AID KITS

Regulation first aid kits meet regulations required by Federal, Provincial and Territorial jurisdictions. Regulations change on a continuing basis. Requirements vary from jurisdiction to jurisdiction and are dependent on a number of factors including (but not limited to):

- maximum number of employees at the work site (or per shift)
- location of the place of employment/industry
- type of industry and potential hazards
- proximity or travel time to a medical facility

FEDERAL REGULATION FIRST AID KITS

Common federal employers include the following interprovincial and international industries:

- Banks
- Railways, highway and air transport
- Ferries, tunnels, bridges and canals
- Telephone and telegraph systems
- Pipelines
- Radio and television broadcasting and cable systems
- Shipping and shipping services
- Employment in the operation of ships, trains and aircraft
- Licensed grain elevators, and certain feed mills and feed warehouses, flour mills and grain seed clearing plants
- Federal public service and persons employed by the public service and Crown corporations and agencies
- Indian reserves
- Exploration and development of petroleum on lands subject to federal jurisdiction

FEDERAL FIRST AID KITS
