Superior Glove® | 14012GH

Static grounding gloves that eliminate electrostatic paint spray-back while keeping hands protected

TAA COMPLIANT CE MINIMAL RISK

ABOUT THE PRODUCT

Our Superior Glove® 14012GH cleanroom-processed gloves feature highly conductive continuous silver strips on palms that run from the inside of the glove to the outside to help ground workers and avoid paint spray-back. The lint-free laminated polyurethane fabric resists solvents and are cleanroom-processed to avoid shedding materials and prevent paint contamination. Made with latex-free materials to reduce the risk of allergies.
