Endura® | 378GOBKVB

Arc flash-rated multi-hazard protection with unpadded palms for a wider range of movement plus liquid resistance

ABOUT THE PRODUCT

Our Endura® 378GOBKVB gloves offer protection against arc flash, cuts, and impact hazards without impeding dexterity. Arc flash-rated level 3 with an ATPV of 34 cal / cm², their ParaActiv™ engineered yarn liner provides 360° cut protection with ANSI A4 cut resistance. Back-of-hand ANSI 2 impact resistance offers protection against knocks and bumps when working in tight spaces. Treated to resist water and liquids plus unpadded palms for steady grip and a better sense of feel when performing tasks.
