Superior Glove® | MMG

Metal chainmail food safe gloves with maximum cut resistance

ANSI/ISEA 105 A9 X X

ABOUT THE PRODUCT

Our food safe Superior Glove® MMG chainmail gloves offers maximum cut protection for food handling. Seamless stainless-steel chainmail is corrosion resistant and provides 360° cut protection with ANSI A9 cut resistance. The gloves feature rubberized anti-bacterial wrist closures for a comfortable fit that prevent fats and oils from seeping in. Wear over food-safe gloves for maximum comfort and protection.
