SolvStop™ | NS300B

Loose-fit food safe PVC water protection that stays flexible in cold conditions for warmth down to -5°C / 23°F

ANSI/ISEA 105 X X 2 | -5°C 23°F | TAA COMPLIANT

ABOUT THE PRODUCT

Our PVC SolvStop™ NS330B gloves are food safe and protect hands in cold temperatures down to -5°C / 23°F. They remain flexible in cold temperatures to improve flexibility and range of motion, plus the loose-fit allows for fit over jackets and for easy donning and removal of gloves. The hi-viz orange PVC resists liquid and provides hand placement awareness and worker visibility on the job. CFIA-compliant for safe food handling.
