SolvStop™ | NT230

Chemical-resistant gloves with a ceramic powder finish for enhanced grip in wet and oily conditions

ANSI/ISEA 105 X 5 2 | TAA COMPLIANT | WATERPROOF

ABOUT THE PRODUCT

Our SolvStop™ NT230 chemical-resistant nitrile gloves feature a ceramic powder finish for outstanding grip in wet and oily conditions. Ideal for industries such as petrochemicals and automotive, these gloves are fully coated in nitrile to protect against oils, grease, and organic solvents. A crushed ceramic powder-textured hand coating finish provides outstanding wet grip.
