TenActiv™ | S13TAFNT

Economic choice latex-free cut resistance with touchscreen compatibility and steady wet grip

ABOUT THE PRODUCT

Our TenActiv™ S13TAFNT gloves are an economic choice for cut resistance with touchscreen compatibility and steady wet grip for handling lightly oiled parts. TenActiv™ engineered yarn provides 360° cut protection with ANSI A4 cut resistance and is latex-free to reduce risk of allergies. Foam nitrile palm coating provides steady wet grip and is touchscreen compatible to seamlessly move between tasks.
