Dexterity® | S18TXNT

Hi-viz gloves with specially formulated nitrile palm coating for durability and maximum cut resistance

ANSI/ISEA 105 A9 5 5

360° CUT

ABOUT THE PRODUCT

Our hi-viz Dexterity® S18TXNT gloves offer maximum cut resistance with a specially formulated nitrile palm coating for outstanding durability and long wear life. Made from TenActiv™ engineered yarn, they provide 360° cut protection with extreme ANSI A9 cut resistance and is hi-viz for improved visibility. The nitrile palm coating repels oils, solvents, and water and is touchscreen compatible to seamlessly move between tasks.
