SolvStop™ | S18V30NT

Chemical-resistant PVC gloves with nitrile palm coating for wet grip

ANSI/ISEA 105 X X 2

WATERPROOF

ABOUT THE PRODUCT

Our SolvStop™ S18V30NT gloves are designed with a green PVC shell to guard against chemicals, adhesives, and other solvents. Gauntlet cuffs add extra protection to the forearms and a flat nitrile palm coating adds durability and offers wet grip. With an ergonomic design, these gloves provide a high level of comfort and dexterity for all day wear, making them ideal for working in environments where grip is needed with the risk of chemical exposure.
