Dexterity® | S18WTLFN

Waterproof cut resistance with cold protection down to -10°C / 14°F

ANSI/ISEA 105 A4 3 4 | -10°C 14°F | WATERPROOF

ABOUT THE PRODUCT

Our Dexterity® S18WTLFN gloves offer cut protection that keeps hands warm down to -10°C / 14°F. A laminated waterproof membrane provides water resistance and prevents layers from slipping for comfort, a more secure fit, and better grip. The TenActiv™ engineered yarn provides 360° cut protection with ANSI A4 cut resistance while a nitrile palm coating offers steady wet grip.
