Dexterity Pro™ | S21TAXGPN

Hi-viz cut protection for hand movement and light material handling of oily parts

ANSI/ISEA 105 A6 4 3

ABOUT THE PRODUCT

Our Dexterity Pro™ S21TAXGPN gloves are cut resistant and ultra-thin for tasks that require better hand motion and grip when handling greasy material. Ideal for light material handling, assembly, and construction work, their TenActiv™ engineered yarn provides 360° cut protection with ANSI A6 cut resistance. Their hi-viz color increases visibility while a micropore nitrile palm coating offers steady grip in wet or oily conditions.

APPLICATIONS

AUTOMOTIVE, CONSTRUCTION, GLASS MANUFACTURING, HVAC, METAL FABRICATION
