Dexterity Pro™ | S21TXUGFN

Hi-viz maximum cut protection for worker visibility with outstanding range of motion and bare hand feel

ANSI/ISEA 105 A9 3 3 | TAA COMPLIANT

ABOUT THE PRODUCT

Our Dexterity Pro™ S21TXUGFN gloves offer exceptional hand freedom with the highest level of cut resistance and are hi-viz for better worker visibility and hand placement awareness. Ideal for precision applications where dexterity is required and high cut hazards are present, their TenActiv™ engineered yarn provides 360° cut protection with extreme ANSI A9 cut resistance. The ultra-thin nitrile palm coating offers steady wet grip and a bare hand feel. They are CFIA and FDA compliant for safe food handling and touchscreen compatible to seamlessly move between tasks.

Dexterity Pro™ S21TXUGFN ANSI A9 cut-resistant gloves are third-party tested and verified to meet the ANSI / ISEA 105 standard in accordance with the ASTM F2992-15 test method for cut protection.
