ParaActiv™ | SKPX/PSS

Maximum heat protection with moderate cut resistance and strategic silicone-striped palms for hot parts handling

ABOUT THE PRODUCT

Our ParaActiv™ SKPX/PSS gloves offer moderate cut resistance and maximum heat protection with silicone stripes on the palm for grip and comfort when handling hot parts. Made with ParaActiv™ engineered yarn, they provide 360° cut protection with ANSI A4 cut resistance and internal testing verifies protection beyond maximum ANSI 5 standards for extreme heat resistance up to 752°F / 400°C. Strategically placed silicone palm stripes increase grip and allow air channeling for better heat resistance.

APPLICATIONS

AUTOMOTIVE, FOUNDRY, GLASS MANUFACTURING, METAL FABRICATION

RECOMMENDED FOR

HOT MATERIALS HANDLING, METAL FOUNDRY, METAL STAMPING

AVAILABLE SIZING

2XL/3XL, L/XL, S/M

SHIPPING AND PACKAGING
