# Dexterity Pro™ | SL21TX18TE

Ultra-thin sleeves with the industry's highest cut protection

ANSI/ISEA 105 A9 X X

## ABOUT THE PRODUCT

Our Dexterity Pro™ SL21TX18TE sleeves provide maximum cut protection without impeding breathability, comfort, and range of motion. The TenActiv™ engineered yarn provides 360° cut protection with ANSI A9 cut resistance while their thin construction allows for better range of motion and more comfort. They feature thumbholes to help secure sleeves in place and prevent sleeves from bunching up at the wrists.

Dexterity Pro™ SL21TX18TE ANSI A9 cut-resistant gloves are third-party tested and verified to meet the ANSI / ISEA 105 standard in accordance with the ASTM F2992-15 test method for cut protection.

## ALTERNATIVE VERSIONS

SL21TX18TH

## APPLICATIONS

AUTOMOTIVE, CONSTRUCTION, HVAC, UTILITIES, WAREHOUSING

## RECOMMENDED FOR

MATERIAL HANDLING, SHEET METAL HANDLING, HVAC ASSEMBLY AND INSTALLATION

## AVAILABLE SIZING

XS, S, M, L, XL, 2XL
