KnitActiv Pro™ | SNAGPVC

High cut resistance for warmth down to -5°C / 23°F with palm coating for grip that won't stiffen in the cold

ANSI/ISEA 105
A5
3 3

-5°C
23°F

ABOUT THE PRODUCT

Our KnitActiv Pro™ SNAGPVC cold-rated gloves protect in environments with high cut hazards and keep hands warm in cold temperatures. They provide 360° cut protection with ANSI A5 cut resistance plus a fleece lining to keep hands warm in temperatures down to -5°C / 23°F. The PVC palm coating provides a strong grip and prevents stiffness in cold weather, improving range of motion in frigid conditions. The dark grey shell helps hide dirt better.
