Superior Glove® | SNOW388V

Insulated gloves for extreme cold protection down to -30°C / -22°F

ANSI/ISEA 105 X X 4

-30°C
-22°F

ABOUT THE PRODUCT

Our Superior Glove® SNOW388V insulated gloves are designed for extreme cold temperatures down to -30°C / -22°F. Ideal for tasks where cold is the primary hazard, these gloves feature three layers of insulation for warmth in the harshest of climates. Waterproof and breathable insulation locks out water and wind, while the adjustable wrist closure ensures a snug fit. PVC patches on the palm and fingertips provide grip in wet conditions.
