KnitActiv™ | STNCF

Lint-free with electrostatic dissipative properties to protect electronics from contaminants and static charges

TAA COMPLIANT

ABOUT THE PRODUCT

Our lint-free KnitActiv™ STNCF gloves prevents contamination and feature electrostatic dissipative properties that ground energy to protect sensitive electronics. Made with carbon filament, they prevent static charges from building up, making them ideal for working with electronics. Latex-free construction limits the risk of allergic reactions and touchscreen compatibility helps to seamlessly move between tasks.
