TenActiv Pro™ | STXWPNVB

Water and wind protection with laminated anti-slip layers for better dexterity plus cut and impact protection

ANSI/ISEA 105 A6 5 4

ANSI / ISEA 138 2

WATERPROOF

ABOUT THE PRODUCT

Our waterproof and windproof TenActiv Pro™ STXWPNVB gloves protect skin from harsh environments while remaining breathable. The unique membrane lamination prevents layers from slipping to provide a comfortable fit and a reliable grip. TenActiv™ engineered yarn provides 360° cut protection with ANSI A6 cut resistance plus back-of-hand bumpers provide ANSI 2 impact protection. Micropore nitrile palm coating offers steady wet grip, while the reinforced thumb crotch offers longevity and protection against wear and tear.

APPLICATIONS

AUTOMOTIVE, CONSTRUCTION, MINING, OIL & GAS, UTILITIES
