Superior® | WJ30

Full coverage welding jacket for long lasting protection

ANSI/ISEA 105 X 4 3

ANSI 2 HEAT

ABOUT THE PRODUCT

Our Endura® WJ30 welding jacket is designed for long periods of welding in busy environments to protect workers from sparks, slag, and heat. The full coverage split cowhide jacket is sewn with heat resistant thread that prevents seams from burning out and extends product life. A flip up collar offers added protection to the neck while the full-grain leather sleeves increase resistance against oil and other flammable liquids.
