- Technopolymer air hose is 35 % ligther than rubber air hoses
- Guard bend restrictor at both ends of air hose

Applications

Ideal for outdoor and indoor construction applications

Specifications

Fluid: Compressed air

Maximum Working Pressure: 300 PSI

79.060

With EASYflex *PREMIUM* technopolymer hose

- **Engineered to be tough and ultra-flexible even at -54 °C**
- **Oils and abrasion resistant**
- **Kink resistant under pressure**
- **Non-marking outer cover**
- **Wraps easily after use**

Hose reel with EASYflex *PREMIUM* hose

Product No	Hose I.D. in	Hose Length ft	Inlet/Outlet (M) NPT
79.060	1/4	100	1/4

79.050

With ECOFLEX technopolymer hose

- **Engineered to be tough and ultra-flexible at extreme temperatures -40 to 65 °C**
- **Full flow 360 ° swivel fittings 1/4 (M) NPT**
- **Abrasion and oil resistant**
- **Non-marking outer cover**
- **Kink resistant under pressure**

Hose reel with ECOFLEX hose
