A

# PVC Insulated Terminals & Connectors (Professional Series)

Insulated terminals and connectors feature a rigid insulation sleeve of polyvinyl chloride (PVC). Sleeves are permanently affixed to the conductive barrel, providing quick crimping. The tough plastic sleeve protects against vibration damage by preventing wire flex at the crimp point.
Operating temperatures: -55°C to 90°C. 600 Volt rating. Crimp tools can be found on pages 42-45

## PVC Insulated Ring Terminals (Professional Series)
