Overview

Key Features

- Streamlined cylindrical lens offers superior optics and wide field of view for optimized peripheral vision
- Low-profile design ensures compatibility with helmets, night vision and communication devices
- Soft, lightweight elastomer body flexes and conforms to the face for a secure, comfortable, gap-free fit
- No foam lining comes in contact with skin, making the goggle easy to clean and maintain
- Full-perimeter ventilation and filtration system minimizes lens fogging, and filters airborne particles and dust
- Adjustable flame-resistant headband provides a custom fit whether worn alone or with a helmet

© Honeywell International Inc.

- Color-coordinated, anti-reflective soft fabric lens sleeve helps to protect goggle lens when not in use
- Easy lens exchange system allows for quick adjustments to altering light conditions
- Goggle is available in Black, Foliage Green and Desert Tan with Clear or Gray lenses and as a complete kit
- Dura-streme® dual-coating technology minimizes fogging and provides superior scratch resistance
- The optional Rx insert provides a prescription lens solution that is compatible with the Uvex XMF Tactical Goggle and other Uvex tactical eyewear
- Lenses provide 99.99% UV protection
